

Canadian Stroke Congress
Stroke & Vision Pre-Congress Workshop Final Agenda
Marriott Hotel 110 9 Ave SE, Calgary, AB T2G 5A6 - Conference Rooms Sunalta B&C

Date & Time: Wednesday November 27, 2024

Live and Virtual Format: 12:00-4:30pm (virtual), 12:00-5:30pm (in-person)

Objectives:

1. Identify common visual impairments that occur after stroke.
2. Evaluate the evidence supporting different approaches to vision rehabilitation post-stroke.
3. Develop skills in effective vision screening methods while also considering a broader range of screening methods available.
4. Provide input on an EyeSee After Stroke Vision Care Pathway for timely referrals for stroke survivors with visual impairments.
6. Learn about Alberta advances in research on vision after stroke.
